EDUCATION

BHARATH INSTITUTE OF HIGHER EDUCATION AND RESEARCH

COMPUTER SCIENCE AND ENGINEERING BACHELOR OF TECHNOLOGY

CGPA: 9.3

July 2019 - May 2023

Chennai, India

SRI CHAITANYA JUNIOR COLLEGE

MATHEMATICS AND SCIENCE INTERMEDIATE

CGPA: 9.61

June 2017 - March 2019

Palakol, India

BHARATIYA VIDYA BHAVAN'S (CBSE)

MATHEMATICS AND SCIENCE SSC

CGPA: 10

June 2016 - March 2017

Tadepalligudem, India

EXPERIENCE

ACCENTURE | PACKAGED APP DEVELOPER ASSOCIATE

Chennai, India | September 2023 – Present

PROJECTS

Application Developer Consumer Goods Cloud Application

Mondelez International

- Contributed to the development of a cloud-based application for Mondelez International, leveraging Salesforce to enhance consumer goods sales processes and customer relationships.
- Utilized a mix of technologies, including XML, JavaScript, MySQL, and Salesforce development tools, to implement new features, enhance existing functionality, and ensure smooth application performance.
- Collaborated with cross-functional teams to successfully deliver user stories, focusing on the design, development, and deployment of key features within the application.
- Managed the end-to-end deployment process in Salesforce, ensuring robust and efficient releases.
- Participated in the testing phases, identifying bugs and performance issues, and implementing solutions to ensure a high-quality user experience.
- Engaged in daily Agile workflows, meeting deadlines, and addressing feedback to improve the applications functionality and user interface.

DevSecOps Engineer Tools and DevSecOps Team

Research and Development

- Worked as part of the Tools and DevSecOps team to drive research and development initiatives focused on enhancing security, scalability, and automation across cloud environments.
- Gained hands-on experience with cloud platforms like AWS and Azure.
- Led efforts in Defender installation for improved threat protection, focusing on securing cloud resources and data in both AWS and Azure environments.
- Researched and implemented new tools and technologies to automate security processes(OpenShift).
- Worked extensively on GitHub research, implementing and optimizing CI/CD pipeline frameworks to automate build, testing, and deployment processes, ensuring faster and more secure code delivery.

Trainings

- I have undergone Cloud Native Microservices Developer training
- Training Involves building microservies using Java, Spring, Spring boot, Javascript, Nodejs, MongoDB, MySql, Docker ,Kubernetes
- As part of the training we built microservices using two methodologies. i.e Java and NodeJs.

SKILLS

PROGRAMMING LANGUAGES	Java, Python, R, CSS, HTML
LIBRARIES/FRAMEWORKS	Javascript, Spring, Spring boot, Express Gateway
TOOLS / PLATFORMS	Postman, Docker, Kubernetes, Salesforce, Git, VS code
DATABASES	MySQL, MongoDB

PROJECTS / OPEN-SOURCE

CRYPTCLOUD+: SECURE AND EXPRESSIVE DATA ACCESS CONTROL	Java, HTML, CSS, MYSQL
MOBILE PRICE PREDICTION Link	R,Google visual studios
RESPONSIVE COLLEGE WEBSITE	Javascript , HTML And CSS

CERTIFICATIONS

- Java - Udemy.

HONORS & AWARDS

- Data science with R programming
- Java certification from Udemy ,Hackerrank
- Data Structures and Algorithms
