Professional Summary

With over 10 years of experience, I specialize in designing scalable web and mobile applications, crafting intuitive UI/UX solutions, and delivering visually compelling designs that enhance brand recognition. My expertise includes creating wireframes, prototypes, and user flows that align with business goals and user needs. Combining creativity with strategy, I thrive in agile environments, consistently delivering high-quality, user-centric designs that are both functional and visually engaging.

Work Experience

Sr. UI UX Designer @ Social27 Inc

09th October 2020 to 14th Nov 2024

- Gathering and evaluating user requirements from CTO and product manager
