

Megha Dahiwale

SALESFORCE DEVELOPER (3+)

Phone : +91- 9699898859

Email Id : mvdsalesforce@gmail.com

Location : Pune.

Trailhead : <https://www.salesforce.com/trailblazer/dmegha>

A Dedicated And Results-Oriented Salesforce Developer With More Than 3+ Years Of Practical Experience In Salesforce Development And Administration. Skilled In Maximizing The Salesforce Platform To Streamline Business Processes, Improve User Experience And Boost Overall Efficiency. Actively Seeking A Challenging Position As A Salesforce Developer Where I Can Apply My Technical Skills, Strategic Problem-Solving Abilities And Passion For Innovation To Contribute To The Success Of A Organization. Committed To Continually Enhancing My Skill Set To Deliver Innovative Solutions That Meet With Organization Goals.

CERTIFICATE

1. **Salesforce Certified Platform Developer I, Credential Id : 2826735**
2. **A Salesforce Certified Associate, Credential Id : 3407049**
3. Specialization In Salesforce Fundamentals From University Of California, Irvine Division Of Continuing Education, 4 Certificate Courses.

TECHNICAL KNOWLADGE

- Proficient in **Apex programming, Object-Oriented Programming (OOP) concepts, and SOQL (Salesforce Object Query Language)**, with the ability to develop modular and scalable Apex code to address complex business logic needs.
- Proficient in **Asynchronous Apex**, adept at managing large data volumes, executing long-running processes, and optimizing system performance using **Batch Apex, Future Methods, Queueable Apex, and Schedulable Apex**.
- Demonstrated expertise in Salesforce development, including the creation of **Apex classes and triggers**, contributing to the customization and optimization of Salesforce solutions.
- Good in Salesforce **integration**, with expertise in connecting systems to ensure seamless data flow and enhanced business processes.
- Skilled in **Lightning Web Components (LWC)**, demonstrating the ability to design and develop intuitive interfaces that improve user experience.
- Hands-On Experience **Lightning Data Service** to ensure seamless and consistent data access in LWC, enhancing application performance and user responsiveness.
- Experienced in testing methodologies, including creating and executing **Apex test classes**, to ensure the functionality and reliability of Salesforce solutions.
- Skilled in designing and customizing Salesforce **objects, tabs, fields, and relationships**, with proficiency in configuring **page layouts, search layouts, reports, and dashboards**.

- Experienced in utilizing **Lightning App Builder** to design and develop **custom applications**, optimizing the development process and improving user interface customization.
- Thorough understanding of Salesforce **security model** features, including managing **roles, profiles, users, and permission sets**.
- Comprehensive knowledge of **Automation tools** such as **Workflow Rules, Approval Processes, Process Builder, and Flows**, with expertise in designing and implementing **Validation Rules and Assignment Rules**.
- Skilled in data management tasks, including importing and exporting data using tools like **Data Loader, Data Import Wizard** ensuring data accuracy and consistency within the Salesforce platform.
- Well-versed in **Agile Development Methodology**, showcasing adaptability and strong collaboration skills in dynamic and iterative development environments.

SKILLS SET

Salesforce Administration	: Customizing Objects, Fields, And Relationships, Tabs, Page Layout, Search Layout, Reports, Dashboard, Lightning App Builder, Org Hierarchy, Roles, Profiles, And Permission Sets, Security Model, Validation Rules, And Assignment Rules, Workflows, Approval Processes, Flows, Process Builder.
Salesforce Development	: Apex Classes, Opps And Triggers, Batch Apex, Lightning Web Components (LWC), Integration, REST API, SOAP, Visualforce Page, Aura, Test class, Lightning Data Service (LDS), Lightning Message Services (LMS).
Development Tools	: Salesforce Developer Console Force.Com IDE, Gearset.
Data Management Tool	: Data Loader, Data Import Wizard.
Web Technologies	: HTML, CSS, Javascript.
Other	: Sales Cloud, Automation, Troubleshooting, Agile, Salesforce CRM, Service Cloud, Salesforce CPQ, SFDC, CI/CD Tool, Git, Bitbucket.

WORK EXPERIENCE

- Working For Softtech Cloud Technologies Pvt. Ltd. Pune, As A Salesforce Developer From December 2021 To Till Date.

PROJECT SUMMARY

PROJECT NAME : Aptify (EDUCATION)

ROLES AND RESPONSIBILITIES :

- Worked extensively on Salesforce configuration and customization tasks.
- Built robust solutions using Apex programming, developing multiple Lightning Web Components (LWC) and Apex triggers while adhering to sharing and security standards to deliver user-friendly interfaces.
- Enforced data integrity through validation rules and performed effective data manipulation by

writing SOQL queries while adhering to governor limits.

- Managed users, profiles, roles, and permission sets, ensuring the proper role hierarchy is maintained.
- Designed and implemented triggers to execute custom business logic before or after record changes.
- Developed and utilized Apex batch classes, schedulable classes, and asynchronous jobs for efficient data processing, including handling large data sets with Batch Apex and automating time-based tasks with Scheduled Apex.
- Created various custom objects, fields, and tabs to meet specific business requirements.
- Designed and implemented approval processes to optimize business workflows.
- Automated complex processes using Process Builder and Flows.
- Carried out routine administrative tasks such as managing users, configuring security settings, and handling data operations.

EDUCATION

Master Of Engineering

DY Patil Collage Of Engineering, Pune University with First Class with Distinction.

DECLARATION

I Hereby Declare That The Information That I Have Furnished Is Authentic And True To The Best Of My Knowledge.
