

SUMMARY

Microsoft 365 Migration Projects:

- Led G Suite to Microsoft 365 migration, ensuring seamless transition and enhanced collaboration.
- Planned and executed IMAP to Microsoft 365 migration, transferring emails, contacts, and calendars.
- Managed tenant-to-tenant migration, data integrity and minimal disruption to operations.
- Implemented hybrid migration strategy, integrating on-premises systems with Microsoft 365.

Microsoft Azure Projects:

- Deployed and managed a wide range of IaaS and PaaS services, ensuring optimal performance and scalability.
- Oversee the deployment and configuration of networking services, improving network efficiency and security.

On-premises Projects:

- Executed UPN changes for numerous users, enhancing user management and authentication processes.
- Upgraded Active Directory, improving security and adding new features for better administration.
- Seamlessly migrated Active Directory users and computers, ensuring minimal disruption to business operations.

Project Management:

- Assessed environments and devised detailed migration plans for various Microsoft 365 projects.
- Executed migrations meticulously, seamless transitions and preserving productivity.
- Planned and implemented hybrid migration strategies, maximizing efficiency and minimizing disruptions.

Security and Compliance:

- Implemented security policies and configurations for Microsoft Intune deployment.
- Set up hybrid identity and directory synchronization for secure migrations.
- Ensured data integrity and compliance during tenant-to-tenant migrations.

Communication and Support:

- Provided proactive communication during migrations to ensure smooth transitions.
- Trained IT staff and end-users on Microsoft Intune usage and best practices.
- Offered ongoing support post-migration, addressing issues and optimizing performance.

Technical Expertise:

- Deployed and managed Microsoft Intune for comprehensive device security.
- Configured and managed hybrid Exchange environments, smooth integration.
- Addressed technical issues and optimized hybrid infrastructure for better performance.

Planning and Execution:

- Led G Suite to Microsoft 365 migration project, seamless transition.
- Executed IMAP to Microsoft 365 migration, minimizing downtime and preserving data integrity.
- Managed hybrid migration strategy, integrating on-premises systems with Microsoft 365.

CERTIFICATION

- Microsoft Azure Fundamentals (AZ-900)
- Azure Administrator (AZ-104)
- Designing and Implementing Microsoft Azure Networking Solutions (AZ-700)
- Microsoft 365 Identity and Services (MS-100)
- Microsoft 365 Messaging (MS-203)
- Microsoft Security, Compliance, and Identity Fundamentals (SC-900)
- Microsoft Identity and Access Administrator (SC-300)
- Microsoft Security Operations Analyst (SC-200)

PROFESSIONAL EXPERIENCE

atQor (formally Bitscape)

Senior Cloud Engineer

Ahmedabad, GJ

July 2021–Present

- Led migrations from various platforms to Microsoft 365 and spearheaded Azure cloud transitions.
- Implemented and managed Azure File Sync services for seamless file synchronization.
- Orchestrated company rebranding efforts, including UPN changes and Intune updates.
- Architected and secured Azure Synapse and Data Factory for optimized data processing.
- Conducted comprehensive security assessments for Microsoft 365 environments.
- Managed Intune and Azure Active Directory for optimal performance and security.
- Provided training and mentorship for junior team members in migration processes.
- Offered Level 2 engineering support, resolving technical issues for clients.
- Worked on security incidents and alerts, configuring Microsoft Teams for collaboration.
- Offered timely solutions to technical challenges and ensured smooth operation of cloud-based systems.
- Proficient in providing Azure support, including troubleshooting issues, optimizing cloud infrastructure, and assisting in the deployment and management of Azure services.
- Executed on-prem server migration to Azure infrastructure.
- Conducted database audits, Synapse Analytics audits, and AE MSP audits.
- Executed Active Directory upgradation and AD migration to new domains.

Triveni Global soft LLP

Associate System Engineer Intern

Ahmedabad, GJ

December 2020 – July 2021

- Troubleshoot networking issues, ensuring uninterrupted operations through on-call support.
- Assisted senior engineers in troubleshooting and implementing solutions for system-related issues.
- Participated in on-call support rotations, gaining hands-on experience in critical issue resolution.
- Collaborated with cross-functional teams to analyse and address complex system challenges.
- Contributed to overall system reliability and performance through collaborative problem-solving.
- Gained practical experience in resolving critical system issues during on-call rotations.
- Skilled in delivering azure support, resolving issues promptly, and optimizing cloud infrastructure for efficient operation.

EDUCATION

Gujarat University,

Masters in IMS & Cloud Technology.

Ahmedabad, GJ

August 2019 – August 2021

Gujarat University,

Bachelor of Science in Mathematics

Ahmedabad, GJ

August 2016 – August 2019
