EDUCATION

Shri Guru Gobind Singhji Institute of Engineering and Technology (SGGSJET) <i>Btech in Information Technology</i>	Nanded, MH 2019 – 2023
---	---------------------------

EXPERIENCE

Salesforce Developer <i>Elastik Teams</i>	January 2023 – Present
---	------------------------

- Engineered and deployed comprehensive Salesforce solutions on Experience Cloud, integrating custom LWC components with Apex controllers to streamline business processes and enhance user engagement
- Demonstrated strong expertise in user management within Nimble AMS, implementing robust security protocols and role-based access controls to ensure data integrity and compliance
- Developed and optimized automated flows and validation rules, resulting in significant reduction in manual data entry and improved data accuracy across the organization
- Created responsive and visually consistent LWC components using SLDS (Salesforce Lightning Design System), ensuring seamless functionality across multiple devices while maintaining brand guidelines
- Conducted thorough testing procedures and maintained high code coverage standards, implementing best practices for scalable and maintainable solutions
- Collaborated effectively with cross-functional teams to translate business requirements into technical solutions, ensuring timely project delivery and stakeholder satisfaction
- Led the implementation of custom Experience Cloud sites, resulting in a 30% improvement in user efficiency and reduced support tickets
- Maintained detailed technical documentation and provided knowledge transfer sessions to ensure smooth handover and long-term maintainability of solutions
- Achieved consistent quality metrics through rigorous code reviews and adherence to Salesforce development best practices, resulting in highly reliable and performant applications

CERTIFICATIONS

Salesforce Platform Developer 1 <i>Credential ID: 4590894</i>	Salesforce June 2024
Salesforce Administrator Certification <i>Credential ID: 3583289</i>	Salesforce August 2023
Salesforce Associate Certification <i>Credential ID: 3309305</i>	Salesforce April 2023

TECHNICAL SKILLS

Languages: Apex, JavaScript, HTML5/CSS3, SOQL, SOSL, XML, JSON
Salesforce Technologies: Lightning Web Components (LWC), Experience Cloud, Sales Cloud, Service Cloud
Frameworks & Tools: Lightning Design System (SLDS), Jest, Apex Testing Framework, Salesforce CLI, SFDX, Workbench
Developer Tools: Git, VS Code, Developer Console, Chrome DevTools, Postman, Data Loader
Integration & APIs: REST API, SOAP API, Bulk API, Platform Events, Authentication (OAuth 2.0, JWT)
Development Practices: Agile/Scrum, Version Control, CI/CD, Test-Driven Development

PROJECTS

Timesheet Management System Link <i>Experience Cloud, LWC, Apex, SOQL, JavaScript</i>	June 2020 – Present
--	---------------------

- Built a CRUD timesheet app using Lightning Web Runtime (LWR) site with custom LWC components for handling time entry operations
- Set up Lightning Data Table component with client-side sorting and filtering using JavaScript for better user experience

- Created a custom calendar LWC that uses HTML5 date-picker for date manipulation and validation
- Integrated Chart.js library to display dynamic visualizations of timesheet data with weekly/monthly aggregations
- Used @wire adapters and @refreshApex for real-time data updates, improving the app's responsiveness
- Wrote Apex controller classes with SOQL queries for data operations and data manipulation

Hospital Accreditation Portal Link | *LWR, LWC, Apex*

Current

- Developed Lightning Web Runtime (LWR) site for hospital accreditation process using LWC and Apex
- Implemented multi-step forms, document uploads, and admin dashboard for managing applications
- Incorporated automated email notifications and status updates to keep stakeholders informed
