OBJECTIVE

Recent Computational software developer bachelor grad looking to obtain a job in a field I'm passionate about. I've always been fascinated by computers and a childhood stutter that resulted in years of speech therapy (as well as ESL classes) gives me a unique perspective on atypical/dysfluent speech. I consider myself a lifelong student and love learning about new technologies/software. Seeking a role as a computational software developer or analytical Full stack web developer.

EDUCATION

Seth Vishambhar Nath Institute of Engineering & Technology, Lucknow **2019 – June 2023**
B-Tech - Computer Science

Masai School, Bengaluru **2022 – Feb 2023**
